

## Mia Koehne and Tree Hill Collective Release “His” Extended EP

**Glendale, AZ, June 24, 2014.** Phoenix based worship artist Mia Koehne and Tree Hill Collective today announced the release of their new extended EP *His*. *His* contains seven brand new original songs by writers including Mia, Holland Davis, and Mark Snyder. It is the second joint project between Mia and Tree Hill Collective.

Executive producer Mark Snyder describes the project. “The songs of *His* were birthed from the growing realization that the people of Gods’ identity is under assault. The world is all about identity and division. When we define ourselves solely by our religious identity, our political identity, our economic identity, our generational identity, our racial identity, or even our musical identity, we are just borrowing the conflicts of the world. In God’s eyes, there is only one identity for us – we are His children, created to worship Him and glorify Him so that all His children might know Him. Whether young, old, black, white, gay, straight, rich, poor, Jew, Muslin, Christian, liberal or conservative we were all created and purposed to be His, and He desires that all of His children know Him now and for eternity”.

*His* begins with Mia’s version of her song *You Are Not Alone*, featured in the 2013 movie *Home Run*, which tells the story of grace that we all need through our loneliest times. 17 year old Adina Mroz makes her writing debut on *Gladly Adore You*. *I Was Made to Worship* lays down our ultimate purpose as worshipers of God, and Holland Davis’ anthem *Offering of Praise* declares what our lives should be as His followers. *Great is Your Renown* offers a soaring declaration of God’s goodness and what He promises for His kingdom.

*His* was produced, mixed, and mastered by Tree Hill’s Jeff McCullough and his team of instrumentalists and vocalists, and showcases Jeff on keys, piano, and accordion among many other instruments. *His* brings the uncompromising production values Tree Hill listeners expect. Andy McCann of Robin Mark’s touring band contributed his talents for several tracks for the album. Follow Tree Hill Collective at [www.treehillcollective.com](http://www.treehillcollective.com).

Look for Mia in an active concert ministry throughout Arizona and nationally, where she sings and speaks at events ranging from local Celebrate Recovery meetings to stadiums with 10,000 plus worshippers. Follow her at [www.aboutmidnight.com](http://www.aboutmidnight.com).
